

Bruderer High Speed Stamping Press

Machine Data:

Bruderer High Speed Stamping Press used to manufacture electrical connector pins

Weight: 10 tons

Products Used:

Qty (4) Faebi 430-HD 90S

Qty (4) Faebi protective cover

Project Goals:

Reduce the shock and impact transmission into the floor while keeping the movement of the press to a minimum. Energy is dissipated through the unique 2 chamber design of the Faebi HD
